## *A Publication of the Frontier Teacher's Association* **New Teacher Orientation Issue**

August 2006

### **President's Message**

**By Dean Elliott, FTA President**

Welcome to Frontier School Division. Your adventure begins. As a teacher in Frontier School Division you are now a member of the Frontier Teachers' Association (FTA) of the Manitoba Teachers' Society (MTS). Within each school division, local teacher associations have been established. The Frontier Teachers' Association is one of the 39 local teacher associations in the province. The Manitoba Teachers' Society is the umbrella organization for all local teacher associations and represents the 14,000 public school teachers in the province.

The Manitoba Teachers' Society advocates the protection of teachers' right and working conditions and is committed to the advancement of public education. MTS provides a variety of services to individual members including seminars and workshops, advice and assistance with professional matters and assistance with contract grievances. MTS also provides a variety of services to local teacher associations including seminars and workshops, advice and collective bargaining assistance.

As a professional association one of the objectives of the FTA is to promote and advance the welfare of its members. In the province of Manitoba, Collective Agreements are negotiated locally between the association and the employer. One role of the FTA is to enter into the collective bargaining process with Frontier School Division and the Board of Trustees.

As a member of the FTA you will have the right to vote and to hold office in the association. You also have the right to ask questions of your executive. Enclosed in this new teacher edition is a list of all the contact people of the FTA. Keep that list handy and feel free to call the members that work hard on your behalf. The Executive of the association is composed of the President, President-Designate, Vice-President, Secretary, Treasurer, Past President and ten electoral district representatives who serve as chairpersons of

committees. Elections are held in the spring of each year and all members are eligible for nomination.

Throughout the upcoming year you may have questions or concerns about a variety of situations or topics. For help obtaining answers to your questions, refer to your Collective Agreement or the Frontier School Division Policy Manual. If you have a question or concern not addressed by the Collective Agreement or Policy Manual, or you are not sure, I encourage you to contact an FTA representative or an MTS staff officer.

I hope you will enjoy the New Teachers' Orientation and benefit from the information presented to you. On behalf of the Frontier Teachers' Association, I offer you best wishes in the 2006/2007 school year.

## MTS Code of Professional Practice

(Revised, Annual General Meeting, 2003)

The Code of Professional Practice establishes the required standards of conducts for all members of The Manitoba Teachers' Society. A teacher's professional behaviour must reflect the spirit as well as the letter of the Code.

1. A teacher's first professional responsibility is to her or his students.

2. A teacher acts with integrity and diligence in carrying out professional responsibilities.

3. A teacher avoids involvement in a conflict of interest, recognizes that a privileged relationship with students exists and refrains from exploiting that relationship for material, ideological or other advantage.

4. A teacher speaks and acts with respect and dignity, and deals judiciously with others, always mindful of their rights.

5. A teacher respects the confidential nature of information concerning students and may give the information only to authorized personnel or agencies directly concerned with the student's welfare.

6. A teacher's conduct toward colleagues is characterized by consideration and good faith.

7. A teacher first directs any criticism of the professional activity of a colleague to that colleague in private. Only after informing the colleague of the intent to do so, the complainant may direct in confidence the criticism to appropriate officials. It shall not be considered a breach of the Code:

a) to report reasonable grounds for suspecting child abuse to proper authorities according to legal requirements.

b) to consult with The Manitoba Teachers' Society or the president of the member's local association in good faith.

8. A teacher does not bypass immediate authority to reach higher authority without first exhausting the proper channels of communication.

9. A teacher makes an ongoing effort to improve professionally.

10. A teacher adheres to collective agreements negotiated by the professional organization.

11. A teacher neither applies for nor accepts a position which is included in a Society in-dispute declaration.

12. A teacher or group of teachers makes only authorized representations to outside bodies on behalf of the Society or its local associations. Without the express permission of the Society, no member(s) conferring with outside bodies may explicitly or implicitly claim that they represent the Society or its local associations.
